Norman E. Bosenbuck, P.E., Director
 Division of Solid and Hazardous Waste
 New York State Department of
 Environmental Conservation
 50 Wolf Road
 Albany, N.Y. 12233-0001

Dear Mr. Bosenbuck:

This is to confirm to you that we have initiated the emergency supplemental security actions which you requested on November 5, 1986, for the Bossert Manufacturing Facility in Utica, New York. I have approved \$35,000 in CERCLA removal action funding to initiate the actions you requested.

Implementation was initiated on November 10, 1986. I expect in several weeks to be in a position to decide on whether to authorize further CERCLA removal actions to mitigate the threat to public health and welfare from this facility. An action memorandum is under preparation for these actions. A copy will be forwarded to you as soon as this action memorandum is approved by EPA.

Sincerely yours,

James P. Marshall, Acting Director
 Emergency and Remedial Response Division
